Research Interests

Homogenization; fracture; asymptotic analysis; numerical analysis; high performance computing

Education

University of Illinois Urbana-Champaign **4.0/4.0**

MS and Ph.D., Structural Engineering and Mechanics, 2015-present

Minor: Computational Science and Engineering, 2016-present

Indian Institute of Technology Guwahati **9.22/10.00**

B.Tech, Civil Engineering, 2011-15

Ranked 1st in the department

Publications

[J1] **Bhavesh Shrimali** and Victor Lefèvre and Oscar Lopez-Pamies. A simple explicit homogenization solution for the macroscopic elastic response of isotropic porous elastomers. *Journal of the Mechanics and Physics of Solids*, 122:364 – 380, 2019 [**pdf**]

Awards & Achievements

- **Institute silver medal**, IIT Guwahati: Department topper in Civil Engineering [*'15*]
- **DAAD-WISE fellowship**: Awarded to 150 students from all over India to pursue a summer research internship in Germany [*'14*]
- **IET India Scholarship**: Awarded to about 170 students from select universities [*'14*]
- **HKUST IIP**: Selected for the International Internship Program (IIP) to pursue a summer research internship at HKUST [*13*]
- **OPJEMS**: Selected among the top 50 students nationwide for the prestigious scholarship [*'13*]
- **Dhrishti 2012**, India: Selected among the top 35 students in the country based on proposed novel engineering solutions to renewable energy generation [*'12*]
- **Institute Merit Scholarship**, IIT Guwahati: Awarded annually to the top ranked student in each department based on year round academic performance [*'12-'15*]
- **Indian National Olympiads**: Selected for the national rounds of olympiads in Physics, Astronomy and Mathematics [*'11*]
- **KVPY Fellow**: Ranked among 209 students from all over the country [*'10*]
- **NTSE Scholar**: Ranked 324/1000 in one of India's premier science talent exams [*'07*]
